

## **AUDIT AND REVIEW COMMITTEE REPORT ON THE INDEPENDENCE OF THE AUDITORS**

To the Board of Directors of Abertis Infraestructuras, S.A.:

The Audit and Review Committee of Abertis Infraestructuras, S.A. is issuing this report prior to KPMG issuing its audit report on Abertis individual and consolidated annual accounts for the financial year ended 31 December 2021, and states the following:

We have established appropriate relations with the auditors in order to receive information about questions that might jeopardise their independence, so that the Audit and Review Committee could examine them. We also requested other information concerning the auditing process, as well as other communications envisaged in the auditing legislation and auditing technical rules.

The auditors, KPMG, have provided the Audit and Review Committee with written confirmation of their independence from the company or companies directly or indirectly associated with it, together with information regarding any kind of additional services provided to such companies by KPMG or by persons or organisations associated with the latter pursuant to that set forth in the Law 22/2015, dated 20 July, on the Accounts Auditing.

During the financial year 2021, we have analysed the services received from KPMG other than the auditing service in order to ensure that contracting them is not incompatible with their task as auditors and therefore does not call their independence into question, in accordance with the restrictions stipulated in the Law 22/2015, dated 20 July, on the Accounts Auditing.

The auditing fees invoiced by KPMG in the financial year 2021 amounted to 2.250 thousand euros, the invoicing for tax advisory services amounted to 96 thousand euros and the invoicing for other services amounted to 333 thousand euros.

As a result of the foregoing considerations, the Audit and Review Committee states that, in view of the nature of the services provided and since the internal limit set for performance of other unrelated work by the auditor (25% of the auditing fees) has not been exceeded, in our opinion, it has acted in full independence in the provision of the services.

In Madrid, on 1 March 2022.
