Auditor's Report on the "Internal Control over Financial Reporting (ICOFR) Information" of Abertis Infraestructuras, S.A. for 2021

(Translation from the original in Spanish. In the event of discrepancy, the Spanish-language version prevails.)

To the Directors of Abertis Infraestructuras, S.A.

As requested by the Board of Directors of Abertis Infraestructuras, S.A. (the "Company") and in accordance with our proposal letter dated 24 December 2021, we have applied certain procedures to the "ICOFR information" contained in section "8.3 Systems of Internal Control and Risk Management Relating to Financial Reporting (ICFR system)" of the accompanying consolidated directors' report of Abertis Infraestructuras, S.A. for 2021, which summarises the Entity's internal control procedures for annual financial reporting.

The Board of Directors is responsible for adopting appropriate measures to reasonably ensure the implementation, maintenance, and oversight of an adequate system of internal control, the development of improvements to that system and the preparation and definition of the content of the ICOFR information attached hereto.

In this respect, it should be borne in mind that irrespective of the quality of the design and operation of the internal control system adopted by the Entity in relation to annual financial reporting, the system may only provide reasonable, but not absolute assurance in relation to the objectives pursued, due to the limitations inherent in any internal control system.

In the course of our audit work on the annual accounts and in accordance with Technical Auditing Standards, our evaluation of the Entity's internal control was solely aimed at enabling us to establish the scope, nature and timing of the audit procedures on the Entity's annual accounts. Consequently, the scope of our evaluation of internal control, performed for the purposes of the audit of accounts, was not sufficient to enable us to issue a specific opinion on the effectiveness of this internal control over regulated annual financial reporting.

(Translation from the original in Spanish. In the event of discrepancy, the Spanish-language version prevails.)

For the purposes of issuing this report, we have applied only the specific procedures described below and set out in the Guidelines for preparing the auditor's report on the information on the system of internal control over financial reporting of listed companies, published on the website of the Spanish National Securities Market Commission (CNMV), which define the work to be performed, the minimum scope thereof and the content of this report. As the scope of the work resulting from these procedures is in any event limited and substantially less than that of an audit or review of the internal control system, we do not express an opinion on the effectiveness thereof, nor on its design or operating effectiveness, with respect to the Entity's annual financial reporting for 2021 described in the ICOFR information attached hereto. Consequently, had additional procedures been applied other than those established in the aforementioned Guidelines, or had an audit or a review been performed of the internal control system in relation to regulated annual financial reporting, other events or matters could have been identified, which would have been reported to you.

As this special work did not constitute an audit of accounts and is not subject to current legislation regulating the audit of accounts in Spain, we do not express an audit opinion under the terms provided in such legislation.

The procedures applied were as follows:

1. Reading and understanding of the information prepared by the Entity regarding ICOFR - disclosures included in the directors' report - and an evaluation of whether this information meets that required by the Seventh Additional Provision of Royal Legislative Decree 4/2015 of 23 October 2015 approving the Revised Securities Market Law, relating to the description of the ICOFR in the directors' report of issuing entities other than listed corporations.
2. Inquiries of the personnel responsible for drawing up the information detailed in point 1 above in order to: (i) gain an understanding of the preparation process; (ii) obtain information that allows us to assess whether the terminology used conforms to the definitions contained in the reference framework; (iii) obtain information on whether the control procedures described are in place and operational in the Entity.
3. Review of the explanatory documentation supporting the information detailed in point 1 above, primarily including documents made directly available to those responsible for preparing the description of the ICOFR system. This documentation includes reports prepared by internal audit, senior management and other internal or external specialists supporting the audit committee.
4. Comparison of the information detailed in point 1 above with the understanding of the Entity's ICOFR gained as a result of the procedures performed within the framework of the audit work on the annual accounts.
5. Reading of the minutes of the meetings of the Board of Directors, audit committee and other committees of the Entity for the purposes of assessing the consistency of the matters discussed at these meetings in relation to the ICOFR with the information detailed in point 1 above.
6. Procurement of a representation letter concerning the work performed, duly signed by those responsible for preparing and authorising the information detailed in point 1 above.

(Translation from the original in Spanish. In the event of discrepancy, the Spanish-language version prevails.)

As a result of the procedures applied to the ICOFR information, no inconsistencies or incidents have been detected that could affect it.

This report has been prepared exclusively in the context of the requirements set out by the Seventh Additional Provision of Royal Legislative Decree 4/2015 of 23 October 2015 approving the Revised Securities Market Law, relating to the description of the ICOFR in the directors' report of issuing entities other than listed corporations.
